

The judicious choice of ingredients and formulation of feed for animals fulfills their nutritional and physiological needs at each stage of their life regardless of their age, breed or level of physical activity.

We offer you naturally flavored, healthy, beneficial and nourishing feeds to help you watch over the well-being and longevity of your favorite animal.

We have at heart the well-being, health and longevity of your protégé

A Canadian fabricant that reaches your expectations, worries about the raw materials and the salubrity of the feed it makes.
